## Program Modules

### Future Conference 'Mobility'

A whole day **strategy game**, where you work in an experience orientated way on challenging topics concerning the mobility development in the Danube Area.

### Workshops on the camp-site

#### Mimikry & Mimesis

Animals use fascinating survival strategies! You will find out that it's really attractive to copy them.

#### Building Rafts

A range of materials. How can a raft be built out of that?

#### The Labyrinth Experience

Together we weave a huge LandArt labyrinth using natural materials, multi-coloured ribbons and other nice stuff.

### Green Tour

**Exciting excursion in the wilderness of the Donau-Auen National Park.**

### Workshop & Trip 'VIENNA'

**Get to know your host-city and experience your individual sightseeing tour through the inner city!**

### Open CampSpace

#### Bat Dance

Enjoy learning a famous Viennese dance by Johann Strauss!

#### Table-Soccer

Take part in an exciting championship!

#### Coming-together at the camp-fire

For all who love the romantic atmosphere of chattering and singing around the camp-fire under the starry sky.

### Workshops in the Lido 'Gänsehäufel'

**The famous Viennese lido 'Gänsehäufel' invites to some special attractions:**

#### ErlebnisBiotop Libella!

The water-biotop invites to discover some secrets of nature. You catch with dip nets little water-animals and discover their fascinating appearance under the binoculars. Afterwards you set them free again.

#### Exhibition in the 'AquaScope'

The lido celebrates its 100<sup>th</sup> anniversary this year! Get to know some nice stories of its history full of tradition.

Environmental Education Austria

The NGO 'UmweltBildungAustria – Grüne Insel' was founded several years ago by actively engaged teachers to work out basic concepts of a holistic pedagogy and to realize the new concepts in concrete and exemplary projects.

For many years now there exists an excellent cooperation between the NGO and the Vienna Forestry Department, which makes it possible to create an attractive environmental education programme for Viennese pupils and a series of colourful events for Viennese families and kids to enjoy a meaningful and sensual leisure time in the stimulating ambience of 'Green Vienna'.

The first Austrian EU-Presidency in 1998 provided the reason for a new focus. And so, thanks to the support of the Lord Mayor of Vienna, Mr. Häupl, the initiative 'YES! Young European Solidarity' was created. It aims at giving young people and their teachers the chance to meet face to face and get personally involved in an evocative discussion on common European topics.

15 Years ARGE Donauländer motivated UmweltBildung Austria to add in cooperation with TINA Vienna a new series of events to the YES! Initiative, the DanubeTeens Camps. So, in the meanwhile, the **YES! Initiative** consists of five series of events:

- ❑ **EuroKidsCamp**, NationalparkCampLobau, students, 10 to 14, from all over Europe, every 2 years, alternating with EuroTeensCamps.
- ❑ **EuroTeensCamp**, NationalparkCampLobau, pupils, 14 to 18, from all over Europe, every 2 years. The EuroTeensCamp 2005 included also a one-day-visit to Budapest, hosted by the Budapest City Administration.
- ❑ **DanubeTeensCamp**, NationalparkCampLobau, students, 14 to 17, from the Danube area, yearly.
- ❑ **EuroTeensMeeting**, European capitals, students, 14 to 18, from all over Europe, every 2 years. So EuroTeensMeetings were hosted 2000 by Brussels/Belgium, 2002 by Huddinge/Sweden, 2004 by Mataró/Spain-Catalonia, 2006 by Dublin/Ireland.
- ❑ **4EC Teachers' Training**, NationalparkCampLobau, European teachers and educators. At the next 4EC Teachers' Training in September 06 **EuroTeachers**, the Representative Board of the YES! Initiative will be constituted. All teachers, who took part in at least three YES! events are invited as members, all other as candidate-members.

The concept '**Fresh AIR - Animate, Intensify, Reflect**' serves as the guiding motive for all projects and programmes.

**UmweltBildungAustria** leads the way to future orientated learning, far away from traditional 'school temples' - towards a holistic experience without stress, but with much enjoyment. No dry theory and no patronizing teachings are in the forefront of our programmes. It is much more about the alert, natural learning, the joy of developing oneself through curiosity, trying out, fun and games in 'sense fulfilling' practice.

**UmweltBildungAustria** invites you to take a deep breath close to the pulse of nature, because:

**Nature is the living space of all our senses!**
