Treffen der Fondsminister/innen der Donauanrainerstaaten

May 2015

Save the date for the 4th Annual Forum of the EUSDR

Dear Madam or Sir,

The 4th Annual Forum of the EU Strategy for the Danube Region, jointly organised by the European Commission, the State of Baden-Württemberg and the City of Ulm will take place on:

October 28 - 30 October 2015
at the Trade Fair Ulm

Please save the date for the most important event of the year for the EU Strategy for the Danube Region.

Under the title "Smart, Sustainable - Innovation for the Danube Region", the forum will place emphasis on topics such as innovation, professional training and dual education, entrepreneurship and citizenship as key factors for a sustainable and integrative growth in the Danube Region.

The stakeholders of the EU Strategy for the Danube Region have been jointly working together for over four years. Therefore, a focus in this year's Annual Forum will showcase best practices but also examines more complex questions of project development and funding.

Several thematic sessions will give the participants of the conference the opportunity to take a closer look at the complex mechanisms that should be put together on a political, project and funding level in order to profit largely of the potential of a macro-regional strategy.

Additionally there will be many networking opportunities and interactive offers like workshops, panel discussions and an exhibition area.
